

ALEKSANDER PAWŁOWSKI

FRONTEND DEVELOPER

/ ABOUT ME

I am a programmer with over 5 years of experience. My skills include programming in languages such as JavaScript, TypeScript, as well as knowledge in HTML, CSS (SASS/LESS), GIT, and REST. Over the past years, I have worked on various projects as a freelancer and with teams of developers, serving both small clients and international brands such as Huawei, McDonald's, and SEAT. I have gained experience in developing web and mobile applications, content management systems.

/ PROFESSIONAL EXPERIENCE

>> Front-end developer

Fly.pl Sp. z o.o.

Duration: November 2021 - Present

As a Frontend Developer at Fly.pl Sp. z o.o., I am working on an e-commerce application in the tourism industry. My responsibilities include both developing existing applications and creating new Frontend layers for upcoming projects. I am also in charge of optimizing applications for SEO standards and conducting unit and end-to-end tests.

Key Responsibilities:

- Development of existing applications and creation of new Frontend layers
- Troubleshooting technical issues related to software
- Creating project documentation and task management in Jira
- Process optimization and unit/end-to-end testing
- Adapting applications to SEO standards

Tech stack:

- Typescript, Javascript, HTML (PUG), CSS/SCSS, Gulp, REST, jQuery, Git, Bootstrap, Jest, Cypress.

/ PROFESSIONAL EXPERIENCE C.D.

>> Junior Frontend Developer / Frontend Developer

Gutenberg Agency (part of Omnicom Group)
November 2017 - November 2021

As a Junior Frontend Developer at Gutenberg Agency, I had the opportunity to implement over 50 interactive websites and develop more than 200 successful email marketing campaigns for renowned clients including McDonald's, SEAT, and Huawei. I also actively supported the expansion of the PGNIG Superliga application, ensuring both its aesthetic design and optimal functionality.

/ INTERESTS

- Fantasy Books: Such as "The Lord of the Rings," "The Stormlight Archive," and "The Witcher."
- Sports: Engaging in activities like calisthenics or mountain biking in forests (MTB).
- Cooking: Especially Mexican cuisine dishes.

Key Responsibilities:

- Creating responsive websites for international brands
- Implementing effective email marketing campaigns for corporate clients
- Assisting in the expansion of the PGNIG Superliga application
- Creative problem-solving related to frontend development

Tech stack:

- React, Javascript, CSS/SCSS/LESS, jQuery, HTML (EJS, Nunjucks), Gulp, REST, Git, Adobe Photoshop

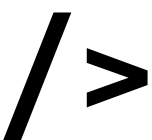

>> Barista / Shift Leader

Green Cafe Nero
January 2015 - June 2017

At Green Cafe Nero, serving as a Barista and Shift Leader, I ensured excellent customer service, managed the team during shifts, and cultivated a friendly atmosphere, both in team and among the customers of the coffeehouse.
